Coordinators
Citizens' Project
Box 2085
Colorado Springs, CO 80901-2085

Dear Amy and Douglas:

Enclosed are some items which the Clearinghouse subgroup has prepared after the December 5th meeting of the various groups and organizations working to undo Amendment 2. You may already be on the mailing list for this, but I wanted to make sure that you got a copy.

When this mailing was prepared, we had little more information about your group than its name, so the profile of your group in these documents is incomplete. Fortunately, I happened to come upon your mailing address today on one of the computer bulletin boards.

We're very eager to establish contacts in the various groups with this common purpose, especially since we foresee that the Clearinghouse will be responsible, in large part, for much of the communication which takes place throughout the coalition. So, if you have any additional information about the inner workings of your organization -- i.e., mission statement, goals and objectives, projects in the works, etc. -- please send it to me at the above address. (We'd love to be on your mailing list for your newsletter.) Or feel free to call me with any information you'd like included in the next revision of these documents. We're in the process of incorporating and establish a permanent mailing address, but for the time being you can use my phone/fax/address as your contact to the Clearinghouse.

Perhaps if you're at the January 9 or 10 meetings, we can connect for a few minutes so that we can put faces with names.

Thanks in advance for your help in keeping the rest of the human rights community informed.

Sincerely,

Encl.

TO: Attendees of December 5, 1992 Human Rights Coalition Meeting

FROM: Clearinghouse

DATE: December 29, 1992

RE: Meeting Notes and Organizational Chart Draft

The enclosed documents have been created to satisfy two needs:

(a) The first document serves as a summary of meeting notes from the December 5, 1992 meeting at the Grant Avenue United Methodist Church, which was an independently facilitated congressional forum meeting. This enclosure lists the groups which were represented and summarizes the charts produced during that meeting.

(b) The second document provides the most recent update to the organizational chart of independent and satellite human rights groups concerned with undoing Amendment 2. This working draft attempts to display in a graphical manner the somewhat informal coalition of newly-formed and previously-existing groups concerned with human rights in general and with Amendment 2 in particular. (Please note that inclusion of a group or organization on this chart in no way indicates that group's beliefs or philosophies on particular issues.)

The purpose of the December 5 meeting was to share information concerning the objectives, accomplishments and needs of organizations working to undo Amendment 2. Representatives from various newly-founded satellite organizations resulting from the November 9 meeting facilitated by the Mayor's Gay and Lesbian Advisory Committee and from previously existing human rights organizations and organizations supporting the gay and lesbian community were in attendance.

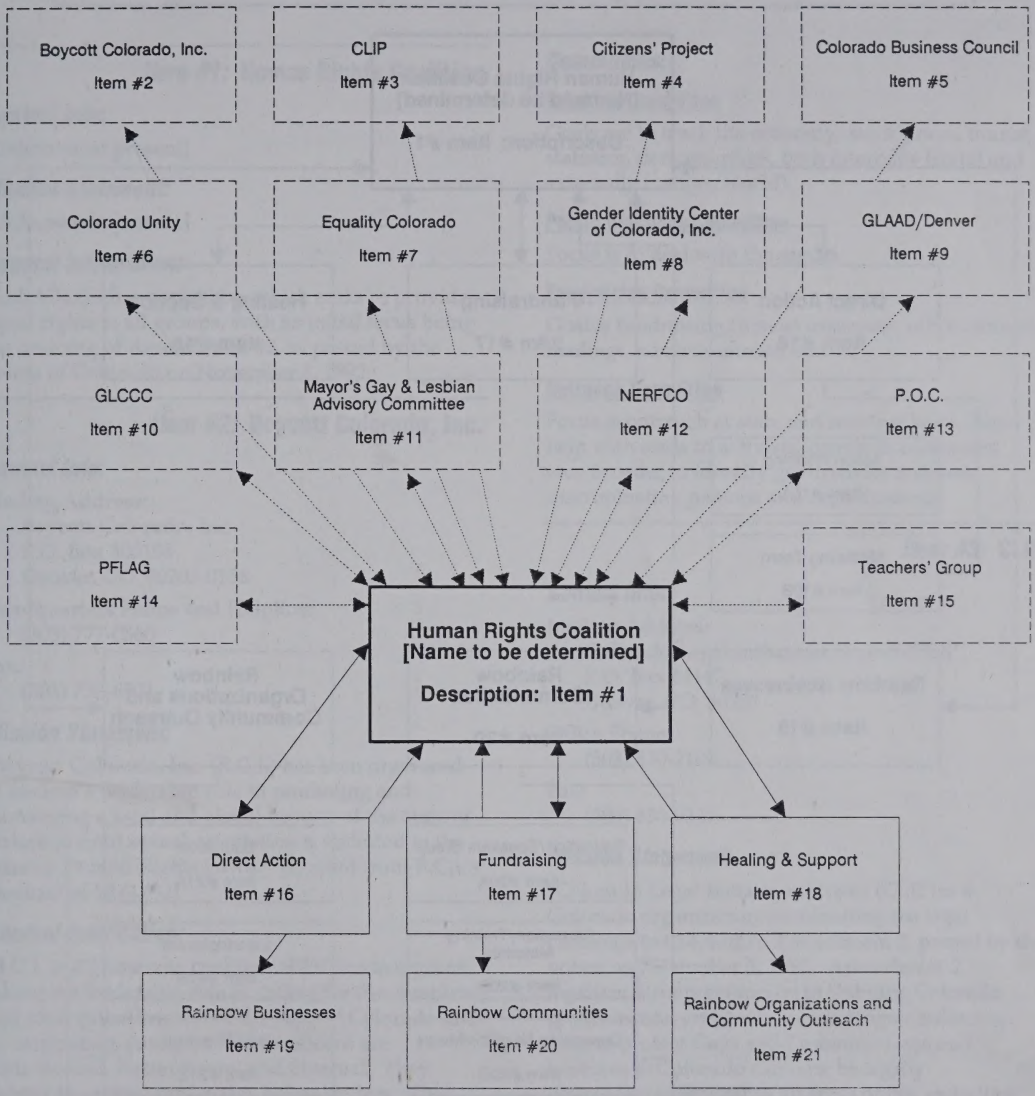
The next congressional-forum meeting of this type will be held on January 9, 1993 at Metropolitan Community Church of the Rockies (MCC), 980 Clarkson (at 9th), Denver, Colorado at 9:00 a.m.

(Another important date for your calendar is January 10, 1992, the date of the Colorado Human Rights Summit. This meeting, previously scheduled to take place in Colorado Springs, will now be held at Temple Emanuel, 51 Grape Street, Denver. Statewide caucus meetings for communities of interest will take place from 9:00 a.m. to 1:00 p.m.; then, the Colorado Human Rights Summit will take place from 2:00 p.m. to 6:00 p.m.)

Because of the expense of duplication and postage, this mailing has been sent only to a limited number of people. Wherever possible, please duplicate and distribute these documents more widely among members of your organizations.

In order for the Clearinghouse group to continue its work, including mailings such as this, we are in the process of incorporating as a non-profit organization. If you have knowledge of potential sources of funding, please contact the Clearinghouse at (303) 778-0996. (A special note of thanks is due to GLCCC, which provided us assistance with this mailing.)

Human Rights Coalition Organizational Chart
(Overview)
DRAFT



Notes:
- Solid line used for box/arrow represents group which is part of coalition formed on November 9. (See the chart on the next page for more detailed information regarding these groups.)
- Broken line used for box/arrow represents independent previously-existing group which is affiliated with the coalition for common goals.
- Inclusion of a group or organization on this chart in no way indicates that group's beliefs or philosophies on particular issues.

This document was prepared by the Clearinghouse subgroup of Rainbow Organizations and Community Outreach.
It is a draft document for discussion purposes only.
Please circulate it and convey your changes, additions and updates to Peg Adamson at (303) 830-0249 or Ted VanWhy at (303) 778-0996.

Mission Statement:

"Colorado Legal Initiatives Project (CLIP) is a Colorado organization coordinating the legal challenge to Colorado's Amendment 2, passed by the voters on November 3, 1992. Amendment 2 legalizes discrimination by prohibiting Colorado governmental entities from enacting or enforcing laws to protect Gays and Lesbians. Gays and Lesbians in Colorado can now be legally discriminated against in all areas of life, including employment, housing, public accommodation, and insurance eligibility. The Board of CLIP consists of openly Gay and Lesbian attorneys, as well as other concerned members of the community. CLIP is firmly committed to diversity in the composition of

its Board, and in providing financial accountability to the community." [Quoted from CLIP's information sheet]

General Information:

"The Colorado Legal Initiatives Project (CLIP) was founded to mount an immediate legal challenge to Amendment 2. Within nine days of the election, CLIP-sponsored attorneys filed a lawsuit, *Evans v. Romer*, in Denver District Court to overturn Amendment 2." [Quoted from CLIP's handout]

Committees:

Fundraising Committee

Goal is to raise money to support the overall aims of the organization.
